

2021 Impact Report

Ending Human
Trafficking
+ Creating
New Futures

A Note from Our Director

In 2021 we assumed a posture of hope and wonder as we welcomed new leaders, teams, and opportunities. Set Free Movement teams experienced noteworthy milestones and made unique contributions to protecting the vulnerable and creating new futures in 9 different countries.

As a Movement, we focused on extending mercy to the margins in 2021.

As you read this impact report you'll see that God is using ordinary people to help transform neighborhoods and protect the vulnerable. We are extending mercy and hope into even the darkest of places. God being our helper, we are gearing up for a year full of impact, community transformations, and new futures in 2022.

Will you join us?

Our vision is to see the vulnerable protected, captives set free, and the oppressed experiencing hope and healing as neighborhoods are transformed.

Our Progress

trained to stay safe

Our mission is to mobilize faith communities, financial partners, and all segments of society towards ending human trafficking and creating new futures through community-based action.

We are accomplishing this mission through three focus areas:

Extending Mercy at the Margins:

By mobilizing their local community, teams serve those who are marginalized, and most at risk of trafficking. They extend unconditional care, counseling services, training sessions, hygiene packets, emotional support, and more to reduce human trafficking vulnerabilities in the communities they call home.

Child and Youth Protection:

Teams across the globe bring hope and healing to children that are vulnerable to being trafficked through awareness, prevention, and intervention methods. They educate, advocate, support, and mentor children to increase their resiliency to human trafficking.

Education, Awareness, and Training:

Through community-based action, teams create locally-informed awareness campaigns and equip societal influencers with the tools and resources they need to educate others. Through dedicated training, equipping, educating, and advocating, communities come together to reduce the vulnerabilities of human trafficking.

Key Milestones

12 new leaders: SFM onboarded 12 new leaders representing new and growing local teams across the United States in 2021.

Training and Awareness

We engaged with community partners, businesses, agencies, and organizations, more than **500 times in 2021.**

We are partnering strong with local communities to fight trafficking in ways that make sense in their local contexts.

Fostering Hope & Youth Training:

In 2021 we directly supported and trained more youth than ever before. With a special focus on foster youth, we engaged with more than **1,400+ youth.**

Fostering Hope

In 2021, we partnered with SEED Livelihood Network, Free Methodist World Missions, International Child Care Ministry, and international partners to launch Wunders.

Wunders equips girls and women to thrive around the world and helps girls stay in school through locally-made sustainable menstrual supplies and community-based education.

Indianapolis, IN

In Indianapolis, IN, the SFM team supports and encourages women at a local women's prison through a mosquito net sewing program. This ministry helps the women to recognize their value despite their current circumstances. These mosquito nets are then distributed to areas of the world where malaria and other mosquito-borne diseases are prevalent.

Rochester, NY

The SFM team in Rochester, NY partners with a restoration home and food bank ministry, they are an essential support system to their community.

Hungary

We are preventing the exploitation of at-risk children and ethnic minorities in Hungary by providing a safe place for youth to find belonging and mentorship. The team is creating a resource, especially for young women, to educate them on how human trafficking happens and what to look out for.

India

Leaders in India repatriate missing and trafficked children. They raise crucial awareness regarding human trafficking, equip caregivers and churches to protect their children against child exploitation, and navigate avenues of resource access.

Africa

In Kenya, SFM partner organization THRIVE is educating and protecting young women from the vulnerability of gender based violence and human trafficking.

Looking Ahead

By the end of 2025 we will annually:

1.
Protect at least 100,000 youth yearly.

2.
Help bring hope and healing to more than 30,000 survivors yearly.

3.
Fully fund more than 50 independent freedom initiatives around the globe.

4.
Have half of our budget revenue generated by locally managed businesses.
